

Early Years

Our aims

We aim to provide a safe, secure happy and stimulating environment where children are taught through high quality play and playful activities in order to learn and develop a life long love of learning.

Since September 2012 we have followed the updated Early Years Foundation Stage Curriculum, which is divided into 7 main areas ; 3 Prime Areas and 4 Specific areas.

Prime Areas

Communication and Language

Physical Development

Personal, Social and Emotional Development

Specific Areas

Literacy

Mathematics

Understanding the World

Expressive Arts and Design

Each of these areas interlink with each other and we deliver these through a balance of adult focus and child initiated activities.

In each area Early Learning Goals describe the expectations that we would hope the majority of children would reach by the end of the Early Years Foundation Stage.

We recognise that each child is an individual and we use our knowledge and observations of the children to plan activities that will interest and engage them while allowing each child to achieve objectives from the curriculum.

Topics so far this Year have included;

Autumn

Diwali

Winter festivals

Winter lands

Bridges

Growing

Spring
